Re: Tonolli Incorporated Site
and
Kress Auto Wreckers

Dear Mr. Schneider:

Please be advised that I represent Kress Auto Wreckers. I recently received a letter dated July 8, 1988, from Bruce P. Smith, Chief, Hazardous Waste Enforcement Branch of the United States Environmental Protection Agency. Mr. Smith claims that my client may be a responsible party in the above-captioned.

My client has no knowledge as to his involvement in the above-captioned. Therefore, I would be most appreciative if you could please outline for me, and provide me with a copy of any and all records, showing my client's involvement.

Very truly yours,

Joseph F. Sklarosky
